Enjoy your dinner any way you like
Get a grill, griddle, raclette, and gourmet-in-one and you won't have to put any more devices on the dinner table. Combining all these cooking methods is possible because of the reversible aluminum grill plate, which doubles as a griddle plate.

Invite all your friends and family
This raclette is made to support up to 8 people! The grill and griddle plate's large baking surface of 42 x 21 cm can easily fit all the ingredients you want to create the perfect dish. The set also contains 8 raclette pans and spatulas to provide all your friends and family with a balanced dinner.

Functional and stylish design
Use the adjustable thermostat to regulate the temperature up to 220°C. Whether you are baking meat or grilling vegetables, everything is possible with 1400 watts of power. Not only does this raclette offer high functionality and versatility, it is also very stylish with a light ring on the thermostat.

Easily cleaned and safe to use
You will be able to easily clean the grill plate, as it is detachable and non-stick coated. Additionally, the raclette pans also come with a non-stick coating, so you won't have to worry about removing any burnt-on remains. Finally, the 2-metre power cord and non-slip feet allow the device to be placed anywhere on the table without using extension cords.
