Infrared Therapy Lamp

Bodi-Tek®

Infrared Therapy Lamp

The intended use of the product is to direct infrared radiation to the body, helping promote blood circulation, improving muscle function, easing muscle tension and inhibiting inflammation in the treated area.
Infrared heat therapy can also be used as an ancillary therapy for the treatment of ear, nose and throat infections.

- Ceramic glass lamp
- 100% UV safe
- 200W power rating
- Adjustable angle
- Medical device

<p>FRANÇAIS Cet appareil permet d'orienter un rayonnement infrarouge vers le corps afin d'aider à stimuler la circulation sanguine, améliorer la fonction musculaire, soulager les tensions musculaires et réduire l'inflammation au niveau de la zone traitée. On peut également recourir à la thérapie par chaleur à infrarouge comme thérapie complémentaire dans le traitement des infections de l'oreille, du nez et de la gorge.</p> <ul style="list-style-type: none"> • Lampe en verre céramique • UV : totalement sans danger en termes • Puissance de 200 W • Angle d'orientation réglable • Dispositif médical 	<p>NEDERLANDS Het bedoelde gebruik van het product is om infraroodstraling naar het lichaam te richten om zo de bloedsomloop te verbeteren, de spierfunctie te verbeteren, de spierspanning te verlagen en ontstekingen in de behandelde zone te onderdrukken. Infrarood warmetherapie kan eveneens worden gebruikt als aanvullende therapie voor de behandeling van oren-, neus- en oorsnelletjes.</p> <ul style="list-style-type: none"> • Lamp in keramisch glas • 100 % UV veilig • Nominale vermogen 200 W • Instelbare hoek • Medisch hulpmiddel 	<p>ESPAÑOL El uso previsto del producto es el de dirigir radiación infrarroja al cuerpo, ayudando a promover la circulación sanguínea, mejorando la función muscular, aliviando la tensión muscular e inhibiendo la inflamación en la zona tratada. La terapia de calor infrarrojo también puede utilizarse como terapia auxiliar para el tratamiento de infecciones de oído, nariz y garganta.</p> <ul style="list-style-type: none"> • Lámpara de vidrio cerámico • 100% segura contra los rayos UV • Potencia nominal 200 W • Ángulo ajustable • Dispositivo médico
