

The **ProEdge** by **Robert Sorby** represents the ultimate system for sharpening your tools. Its unique design incorporates many years of experience in producing the keenest of edges accurately and efficiently.

Accessories

- | | | |
|---|---|---|
|  | Sliding Skew Jig:
For accurate sharpening of woodturning skew chisels. |  |
|  | Standard Gouge Jig:
Allows easy sharpening of all standard ground woodturning gouges. |  |
|  | Fingernail Profiler:
For that perfectly sharpened fingernail bowl or spindle gouge. |  |
|  | Long Grind Jig:
Enables factory finish sharpening for three notoriously difficult to achieve profiles: the standard fingernail profile, the long grind and the extra long grind profile. |  |
|  | ProSet:
Allows for simple and exact bevel angle setting on any fingernail or long grind gouge. |  |
|  | Cutter Holder:
Holds tips and cutters securely allowing easy sharpening of small and difficult to grasp attachments. |  |
|  | Woodworking Chisel Alignment Jig:
Accurately ensures a straight cutting edge on any wood working chisel. |  |
|  | Knife Jig:
Includes back plate, raised wear plate, universal arm and knife holder. Knife holders are available separately in two sizes - large and small. Sharpen up all your household blades from kitchen, garden and hunting blades down to pocket and vegetable knives. |  |
|  | Arbor Shaft and Honing Wheel:
Abrasive honing wheel that can be shaped to allow for honing of gouge flutes - especially useful for woodcarving tools. |  |
|  | Pigtail Mandrel, Buffing Mop and Honing Paste:
Applied to a buffing mop the honing paste creates a high polish on any steel. |  |

Abrasive Sharpening Belts:

- Aluminium oxide 60, 120* and 240* grit. Ideal for sharpening bench chisels, carving tools and plane irons
- Zirconium 60* and 120 grit. Designed for HSS tools, drill and router bits
- Ceramic 60 and 120 grit. Especially hardwearing and long lasting for heavy material removal
- Trizact 600, 1200, 3000 'grit' sizes. Brick and Pyramid shaped abrasive patterns designed to sharpen all steel. The finest 3000 size sharpens to two microns (sharper than a razor blade)
- Diamond. The pinnacle in abrasive technology providing a long life sharpening solution for tungsten carbide and other resistant metals

A 120 grit Aluminium Oxide belt and a 60 grit Zirconium belt are included in the **ProEdge**.
Each accessory marked with an * is included in the **ProEdge Deluxe**.

Patent number:

2438962
