FUNCTION DESCRIPTION

1. Charge the speaker

To charge the speaker's built-in battery, connect supplied power adaptor to the charging port. The battery icon on LED will flash when charging, and will stop flashing when fully charged.

2. Bluetooth function

- Power on the product, the speaker will enter BT mode automatically.
- Or long press MODE button to enter BT mode.
- Put your mobile device (cell phones, computers, etc.) into BT pairing mode, search for BT devices, and select the item name (Denver BPS-458) when it appears.
- After the device has been paired successfully for the first time, it will connect automatically in around 10 seconds to the device last connected when next time use. (Note: The product can connect to only one Bluetooth device at a time.).

3. TWS Function

- Power on two speakers and enter Bluetooth mode.
- Turn off the Bluetooth function on your phone or other Bluetooth device. Long press the Play / Pause button of either speaker, the display will show "t-ON" and then the "BLUE." A voice prompt will then be heard to signify that the two speakers have connected via Bluetooth.
- Turn on Bluetooth on the mobile phone and search for "Denver BPS-458" and connect.
- A voice prompt will then be heard signifying that the mobile has connected to the speakers. You can now enjoy music from the two speakers.

4. USB mode

1. Insert a USB device into the speaker's USB port.
2. Or press MODE to switch to USB mode.
3. Short press the PLAY / PAUSE button to play or pause the music.

5. Auxiliary input mode

1. Connect a 3.5 mm audio cable to the unit's auxiliary input.
2. Press MODE to switch to auxiliary input mode.
3. Use the controls of the connected device to select and play the audio.

6. MicroSD card mode

1. Insert an SD card, SD card mode will start automatically.
2. Or press MODE to switch to MicroSD card mode.
3. Press the PLAY / PAUSE button to play or pause the music.

Please notice - All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment and batteries) is not handled correctly.

Electric and electronic equipment and batteries is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

As the end user it is important that you submit your used batteries to the appropriate and designated facility. In this manner you make sure that the batteries are recycled in accordance with legislature and will not harm the environment.

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection

sites, or be collected from the households. Additional information is available at the technical department of your city.

Hereby, Denver A/S declares that the radio equipment type BPS-458 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: denver.eu and then click the search ICON on topline of website. Write model number: BPS-458. Now enter product page, and RED directive is found under downloads/other downloads.

Operating Frequency Range: 20 Hz~20 KHz

Bluetooth Frequency Range: 2402 MHz~2480 MHz

Max Output Power: 1000W
