OPTIMUM TIME CS 11 SERIES
INSTRUCTIONS

Optimum Time CS Series 11
The CS Series 11 is a multi-sport watch, which features time of day, a calendar, a time of day alarm, a countdown (from any) time, and a programmed countdown timer with alarm. The countdown timer can be set for countdown to zero and countdown repeat, or to countdown to zero and then repeat the programmed period. Once the countdown timer is running, the Start, Stop, Sync, and mode buttons on the only stem that will not function.

ENGLISH Instructions

OPERATING INSTRUCTIONS
To set the time and date:
1. Push the MODE button until the correct month is shown.
2. Press the MODE button to confirm the month and set the date flashing.
3. Press the MODE button to set the month, or the AM/PM indicator (month then day) in the digital display.
4. Press the CLEAR button and hold it down for about 2 seconds until the hour display begins to flash.
5. Press the SYNC button (short 'beep') button until the correct hour is shown. Make sure you are in the 12 hour clock that will PM (or AM) as you are in the 24 hour mode that you have from the correct hour morning or evening.

ENGLISH Instructions
