BUILDING A LEGEND

With 15 wins in 16 races, 15 pole positions and leading in 1,003 out of 1,031 laps in the 1988 Formula 1 season, the McLaren MP4/4 made history as the most successful F1 car at the time. To this day, it remains one of the most legendary racing cars of the 20th century. A collaborative design by McLaren and Honda, the MP4/4 was famously driven by two of the world's most talented drivers of their time – Ayrton Senna and Alain Prost. The two competed fiercely in every race, which resulted in thrilling spectacles for F1 fans. Amidst the fierce battles, Senna emerged triumphant, securing his first-ever F1 Championship, a testament to his remarkable talent and unwavering resolve.

THE LEGACY OF AYRTON SENNA

Brazilian racing legend Ayrton Senna was a prodigious talent and one of the most iconic drivers in F1 history. Senna's fierce determination and unmatched skill behind the wheel earned him three World Championships (1988, 1990, 1991) and solidified his status as a true racing icon. Known for his fearless driving style, Senna's unparalleled mastery of wet conditions earned him the nickname 'The Rain Master'. Beyond his on-track achievements, he left a legacy as a compassionate and charitable individual, which evolved into the Ayrton Senna Institute. Since his passing in 1994, this organisation has continued to fulfil his legacy, inspiring generations of drivers, fans and enthusiasts alike and reaching out to over 35 million children, all in his name.

FROM THE DESIGN TEAM

"While working with the amazing McLaren team, we discovered that we shared at least one challenge when building LEGO® Formula 1 cars and the real-life versions: these cars are very close to the ground! Luckily, with the help of new wheels and suspension elements, we were able to design a chassis that clears the ground by the height of just two LEGO plates.

Today, you can still see the influence the McLaren MP4/4 has on modern racing cars. And the legacy of the MP4/4 is indelibly linked with the great Ayrton Senna, so we are honouring him with his own minifigure on a winner's podium. Enjoy building (and racing)!"

Ann Healy, LEGO® Icons Model Designer
