

LELO

LELO DOT™ Cruise Clitoral Pinpoint Vibrator

LELO DOT™ Cruise is the next-gen clitoral pinpoint vibrator that allows you to experience multiple orgasms, thanks to Infinite Loop technology, offering unmatched precision on any erogenous zone. It also comes with signature LELO Cruise Control technology that keeps the intensity constant at all times.

A clitoral pinpoint vibrator for multiple orgasms with extra power reserve.

- Elliptical movement for multiple orgasms
- Soft bendable tip for localized, focused pleasure
- Cruise Control technology ensures there is no drop in intensity

Un stimulateur clitoridien révolutionnaire qui vous procure des sensations intenses.

- Un mouvement elliptique pour des orgasmes multiples
- Une pointe douce et souple pour un plaisir localisé et ciblé
- La technologie Cruise Control évite toute baisse d'intensité

Un vibratore clitorideo a punta per orgasmi multipli con riserva extra di potenza.

- Movimento ellittico per orgasmi multipli
- Punta morbida e pieghevole, per un piacere localizzato e mirato
- La tecnologia Cruise Control assicura che non si verifichino cali di intensità

Ein klitoraler Spot-Vibrator für Mehrfachorgasmen und mit einer extra Kraftreserve.

- Elliptische Bewegungen für mehrfache Höhepunkte
- Weiche, biegsame Spitze für lokales, auf den Punkt gebrachtes Vergnügen
- Cruise Control-Technologie garantiert gleichbleibende Intensität

Un estimulador de clítoris preciso para gozar de múltiples orgasmos con una reserva de potencia adicional.

- Movimiento elíptico para obtener orgasmos múltiples
- Punta suave y flexible para disfrutar de un placer intenso donde más lo deseas
- Con tecnología Cruise Control para que el juguete no pierda intensidad

Мощный точечный клиторальный вибратор для множественных оргазмов.

- Эллиптические движения для множественных оргазмов
- Мягкий и гибкий кончик для точечного наслаждения
- Технология Cruise Control гарантирует одинаковый уровень интенсивности
