

Aphro Celina HAIR & BEARD for thicker and stronger hair. *Aphro Celina* HAIR & BEARD is a cosmetic product for thicker and stronger hair. The active cosmetic ingredient in *Aphro Celina* HAIR & BEARD has been developed for hair care application, especially for hair loss not due to illness. It contains the unique composition of *Aphro Celina* Eyelash and additional ingredients for hair care.

Aphro Celina HAIR & BEARD stimulates the roots and delays hair loss. As a cosmetic product *Aphro Celina* HAIR- & BEARD is easy to apply and safe. The ingredients have undergone dermatological testing to prove their effectiveness and tolerance. The aqueous solution is not sticky and leaves no residue on the scalp.

General:

There are various types and causes of hair loss. Essentially they fall into two groups. In the reversible, i.e. treatable form, where the production of new hair has only stopped temporarily so when hair falls out there is no regrowth of new hair. If the hair follicle is still active or basically functional, the regular use of *Aphro Celina* HAIR & BEARD fosters the natural growth period and it can counteract the process of hair loss for woman and man. If the hair root has been destroyed or irreparably damaged, as is often the case in typical male baldness, even *Aphro Celina* HAIR & BEARD is not effective. Irreversible hair loss is nearly always associated with partial or total destruction of hair-producing follicles in the scalp. Before using *Aphro Celina* HAIR & BEARD we recommend to clarify the reason for hair loss.

The hair care product *Aphro Celina* HAIR & BEARD is applicable for the usage of hair loss not caused by illness. It can be used by men and women.

Applying *Aphro Celina* HAIR & BEARD:

Apply daily once or twice on the affected scalp. Gently massage the liquid drips on the scalp with your fingertips. Gently massage it into the scalp with the tips of the fingers. It is essential that *Aphro Celina* HAIR & BEARD penetrates the scalp and reaches the roots. Please apply one hour or later after washing your hair. Or if you want to use it before washing your hair, please wait at least one hour. Treatment too close to washing reduces or completely destroys the effectiveness of *Aphro Celina* HAIR & BEARD. There are just a few useful tips on hair care. Hair spray, conditioner, perms or dyes can be used. But do not use styling products immediately after the application of the liquid. The beginning and level of hair growth varies depending on the individual. For a successful usage it is important to start early, and to use this cosmetic product on a regular basis and long term to act on the hair follicles. When stopping the usage, you need to be aware that the achieved result may not stay forever.

Aphro Celina HAIR & BEARD is a safe cosmetic product. Please follow the guidelines from this guide.
