

High brightness LED

LIGHT SOURCE

1. octahedral SMD LED with transparent PC protective exquisite appearance, Ceramic heat conduction base , 360-degree light and color uniformity.
2. ultra-bright,(-30°C to +45°C) temperature range of long-term use.
3. SMD LED fast response, subtle can shine.
4. Lamp with transparent PC material, environmentally friendly and durable
uses: furniture lighting, office lighting, merchandise lighting, display lighting, interior lighting etc.

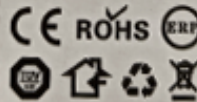

Safety&Reliable

LED

LIGHT SOURCE

MADE IN CHINA

Luminous Efficiency: 100LM/W
 On/Off: 120.000
 Material: Ceramic
 View angle: 360°
 Life time: 30000HR
 CRI: >80
 Power Factor (P.F): >0.90
 Ingress Protection : IP20
