

Gauswheel Spirit Stage5

Model type specification:

model generation	generation 1
model name	Spirit stage1
COLOUR	orange
BREAK :	NO
MFG. DATE:	20-04-2015
C/NO.	1 - UP

Technical specification

Frame material	Polycarbonate polymer
Frame Tensile Strength	85Mpa
Frame Flexural modulus	3900Mpa
Frame drop test	no data
Aluminium alloy	ADC10
Alu tensile strength	400Mpa
Alu surface finish	Powder coated
Front wheel arm	Polycarbonate polymer
Front universal joint	2 x 2 sealed bearing system
Tire	20inch x1.95 standard street
Rim	20x30mm double wall HJC
Spokes	45C high strength steel
Front wheel material	Foam PU + nylon rim
Handle	Removable Polycarbonate
Optional disc brake	No
Brake system	No
Brake disc	No
Frontal knee pad	No
Product weight	8kg
Package gross weight	9.5kg

Recommended for

Minimum height	for users over 140cm
Maximum weight	120kgs
Designed for	City cruising & Skatepark stunts
Manufacturer:	NINGBO BOFA MACHINERY CO. LTD

Lot Number:001

Importer:

**AZ-Import BV Bonegraafseweg 16B6669 MH
Dodewaard**
