

STREX

INTELLIGENT BATTERY CHARGER

Save time and charge more efficiently with the 4 independent channels that allow you to mix and charge any combination of AA/AAA NIMH NIMH NID (Ni-MH Ni-CD Li-ion) rechargeable batteries, from just 1 to 4. Trickle electric current charging extends battery life and fully charges the battery over 99% of the time. The LCD display lets you directly and clearly track the batteries' charging process, so you can identify how many batteries are charging, fully charged, or defective. The Micro USB + USB C input makes it compatible with almost all your devices

INTELLIGENT BATTERY CHARGER

Increase charges and save time by utilizing the four independent channels to mix and charge any combination of AA/AAA NIMH NiCd (Ni-MH Ni-CD Li-ion) rechargeable batteries, ranging from one to four. Trickle current charging extends battery life and achieves over 99% full charge.

CLEAR LCD DISPLAY

Monitor the charging process on the clear LCD display, which allows you to track the number of charged, fully charged, and defective batteries.

MULTI PROTECTION

Protection against overheating, overcurrent, overvoltage, and short circuits, as well as detect non-rechargeable and defective batteries. The battery charger automatically shuts off when the battery or charger temperature exceeds 60°C, ensuring safety at all times.

DUAL INPUT

Comes with a micro USB and USB C input. Making it compatible with almost all regular devices such as a wall charger, powerbank, car charger and more.
