

Li-ion Battery

Nominal capacity: 6000mAh

Nominal Voltage: 11.1V

Power output: 66.6Wh

Operating temperature: 0°C~45°C

Charge limited Voltage: 12.6V±0.05V

Caution In use!!

- Do not expose to, dispose of the battery in fire.
- Avoid Battery short circuit .
- Charge and discharge the unit once every three monthes
- Non-professionals do not open.
