## Assembly Instructions

### SAFETY ADVICE

This is a two wheel self propelled scooter designed for a single rider only. It is not intended or equipped for road use, off road use or use with any motorised device. Use only on flat, clean and dry surfaces, where possible keep away from other road users. Please add oil for lubrication periodically and change a new bearing when it's worn. Use a few drops of light machine oil to lubricate the wheel bearings. Clean bearing after use. Regular maintenance enhances the safety of the equipment.

**NOTE:**  
It should never be ridden by more than one person at a time.  
Never ride at night, obey all traffic and pedestrian regulations and give right of way to pedestrians.  
Never leave your scooter unlocked and unattended.  
Do not modify the scooter or change the scooter in any way not outlined in these instructions.

### FOR SAFETY

Recheck that all screws, nut and bolts are firmly tightened not broken.

### WARNING!

Protective equipment should be worn. Not to be used in traffic, 100kg max. Protective equipment for the head, wrists and palms as well as shoes with flat rubber soles should be worn. Always wear flat footwear when riding this scooter. Before use, check all parts for proper fit and ensure that all locking devices are secure. Self locking nuts may lose effectiveness over time. All nuts, bolts etc. should be regularly checked and tightened. Using this scooter on the public highway can be dangerous. Do not use near cars or other moving vehicles. Use on flat, clean and dry surfaces, where possible keep away from the other road users. Do not ride at night and in the dark. Visibility is often limited at dawn and dusk. Regular checks of steering and brakes should be made. Clean bearing after use. Regular maintenance enhances the safety of the equipment. Care should be taken when riding on wet pavements as braking action and wheel traction may be reduced. Wheel and brake may get hot from continuous use, do not touch after braking.

Warning: read the information supplied by the manufacturer. Colours and contents may vary. Please retain this information on this package for future reference.

### 100kg maximum weight

Adult supervision is required at all times. This is not a toy.

### SCOOTER USE:

- Hold both handgrips firmly.
- Put one foot towards the front of the deck.
- With the other foot, push off the ground to propel the scooter forward.
- Both feet can fit on the deck when desired speed has been reached.
- To stop, step on the brake with the rear foot.

### A GUIDE TO SAFE SCOOTERING

- We recommend this scooter for pavement use only. It is dangerous to ride on the public highway.
- Do not ride at night and in the dark. Visibility is often limited at dawn and dusk.
- Always give pedestrians right-of-way, and don't ride too close to them. Never park your scooter where it can cause a nuisance.
- Avoid hazards that may cause you to lose control of your scooter such as pot holes, uneven pavements and manhole covers.
- Leave plenty of room when passing parked vehicles and watch out for doors being opened in your path.
- Remember that braking distance should be increased in wet weather, and regular checks of brakes, steering and lighting should be made.
- Never carry passengers on your scooter. Never carry packages in your hands while riding, or fix anything to your scooter that could obstruct your visibility or control.
- Don't wear anything that restricts your hearing.
- Always ride with both hands on the handlebars.
- Don't wear very loose clothing, which could hang down and be caught in the wheels. Wear cuff bands or trouser clips to keep your trousers from getting caught in the wheel.
- We recommend that light coloured or fluorescent clothing be worn which helps others to see you in daylight and poor light.
- Always wear proper safety equipment. We recommend a helmet, long-sleeved shirt, long trousers, shoes, elbow pads and knee pads. Gloves and eye protection also makes good sense. Cover your handlebars, stem and top tube with safety pads for extra protection.

Please refer to the highway code
