

Novo Cluster Lashes – Instructions & Safety Information

Product Description

Novo Cluster Lashes are designed to provide a **natural, voluminous, and lightweight** lash enhancement. These **DIY cluster lashes** allow you to achieve a **professional lash extension look** from the comfort of your home. Customizable in length and style, they are perfect for **everyday wear or special occasions**.

How to Apply

1. **Prepare Your Natural Lashes:** Ensure your lashes are **clean, dry, and free from oil or makeup** before application.
2. **Apply Bond:** Using the **Novo Bond**, apply a thin layer to the base of your natural lashes or directly to the cluster lash.
3. **Place the Clusters:** Using tweezers, carefully place the **lash cluster underneath** your natural lashes, close to the lash line.
4. **Secure with Sealant:** Once all clusters are in place, apply a thin layer of **Novo Sealant** to lock them in for long-lasting wear.
5. **Let It Set:** Allow a few minutes for the bond to fully set before touching or adjusting your lashes.

How to Remove

1. Use **Novo Remover** or an oil-based remover for gentle lash removal.
2. Apply the remover to a cotton pad or microbrush and carefully dab along the lash line.
3. Let it sit for **30-60 seconds** to dissolve the adhesive.
4. Gently slide off the lash clusters without pulling or tugging.
5. Wipe away any residue and cleanse your natural lashes.

Safety Precautions

- **For external use only.** Avoid direct contact with the eyes and skin.
- If irritation occurs, discontinue use immediately.
- Do not use on broken, infected, or irritated skin.
- Keep out of reach of children.
- Store in a **cool, dry place**, away from direct sunlight.

Warnings

⚠ Hazard Statements (H-phrases):

- **H317** – May cause an allergic skin reaction.
- **H320** – Causes eye irritation if particles enter the eye.

⚠ Precautionary Statements (P-phrases):

- **P102** – Keep out of reach of children.
- **P103** – Read the label before use.
