\*Your result may vary.

#### DIRECTIONS FOR USE

1. Shake well before use.
2. Dilution ratio: 1:30
3. Spray solution onto fabric stains. Brush to release dirt.
4. Extract with a portable spot cleaner by spraying clean water and vacuuming concurrently, or blot with a clean and dry towel. Repeat extraction as necessary.

Main ingredient :  
Water, epoxy propane and epoxy ethylene polymer,  
sodium citrate.

⚠ Avoid contact with eyes. In case of contact, rinse thoroughly with water.

If swallowed, drink plenty of water and seek medical help immediately.

🚫 Keep out of reach of children and pets.

#### NOTE:

- Test on inconspicuous areas for color fastness.
- Best to use with a portable spot cleaner or manual cleaning.
- For old and/or tough stains, pre-treat soiled area by spraying with higher concentration of detergent (1:15), brush and leave for 5 minutes. Then spray with clean water and vacuum concurrently with a spot cleaner or blot with a dry clean towel. Repeat the process as needed.
