WAHL®

The Brand Used By Professionals®

Since 1919

When Leo J. Wahl invented the first electric hair clipper in Illinois, USA, he didn't just revolutionize an industry, he created one.

When you pick up a Wahl product, you can be confident that over 100 years of professional beard and haircutting innovation is in the palm of your hand.

PRECISION GROUND BLADES

We only use high precision blade teeth grinding technology ensuring the best cutting performance for you.
