

# MOJOGEAR

## WIRELESS

# MANUAL

### Product description

- ① Power switch
- ② Power indicator
- ③ USB Output
- ④ Type-C Input/Output
- ⑤ Wireless fast charging
- ⑥ Mobile phone positioning magnet
- ⑦ Wireless charging indicator
- ⑧ Bracket

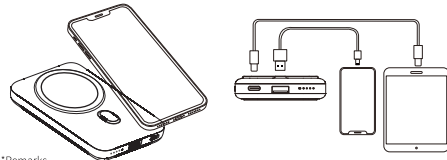

### Specifications

Size : 105.0 \* 69.0 \* 18.0mm  
Weight : 205g  
Capacity : 10000mAh 38.5Wh  
Cycle charging times : 500 times  
Suitable ambient temperature : 0°C~40°C

Battery : Polymer battery  
Output 1 : Type-C: 5V-3.0A/9V-2.22A/12V-1.67A  
Output 2 : USB : 4.5V-5.0A/5V-4.5A/9V-2.0A/12V-1.5A  
Output 3 : Wireless fast charging: 5W/7.5W/10W/15W  
Input : Type-C: 5V-2.6A/9V-2.0A/12V-1.5A

### Instructions

It can provide 7.5W magnetic suction wireless charging for iPhone 12/13/14/15 series and support wired fast charging mode of other Apple Android devices.

#### \*Remarks

- ① iPhone 12 / 13 / 14 / 15 series magnetic suction wireless charging is supported. Other devices cannot provide magnetic suction function.
- ② Apple's official MagSafe series mobile phone cases are compatible. Third party mobile phone cases need to explicitly support MagSafe magnetic suction function to be compatible. Conventional protective cases or compatibility problems affect the charging experience.
- ③ On and off function  
Press the button : the wireless charging function starts working.  
Double click on the button : the power bank is switched off.

### Matters needing attention

1. Do not disassemble the product at will, otherwise the warranty will be invalid.
2. Do not use this product in high temperature and humid environment. Keep away from fire and water.
3. When using this product, do not place metal objects (such as keys, coins, batteries or jewelry) on it, otherwise it will cause abnormal charging or scalding.
