LOT: P125ORV

The properties and technical characteristics of our products are guaranteed for at least one year from the delivery date, if they are stored in a dry place and at temperatures comprised between 15° and 25° C., with a level of humidity comprised between 30% and 60%. It is highly recommended not to store the product directly on the floor, next to walls or near sources of direct heat. Compliant with the regulation 1935/2004/CE, the ministerial decree D.M. 21/03/73 and their following adjournments. It is highly recommended to keep the product out of reach of children. Keep dry and away from direct sun light and other sources of heat.
