

Power Indicators

Power indicators to monitor the power status

1. Checking remaining power

Click the button, if one white light is on, it means the power is within 25%, if two white lights are on, it means the power is within 50%, if three white lights are on, it means the power is within 75%, and if four white lights are on, it means the power is within 100%. When the last light of the light flashes, the battery level is less than 5%, please charge it as soon as possible.

2. Checking charging function:

Click the button, the mobile power light is on, the current battery reserve shown, and the red wireless charging light on. When it is detected that the device is charging, the red light is off, and the green light on.
