

EFFORTLESSLY IN-LINE CONTROL

The headset comes with a 2.1M high tensile strength, anti-winding cable featuring a rotary volume controller and a mute button for the microphone. This allows you to easily control the volume and effortlessly mute the microphone with just one key, ensuring seamless and convenient volume control.

Note: To power up the RGB lights, use the USB connection; however, this connection does not work for audio purposes. Make sure to connect the USB to a suitable power source to activate the RGB lights.
