

GAME BY: JONNYPAC

ART BY: THE MICO

A FISTFUL OF MEEPLES

It's Mancala meets worker-placement in this Wild West board game!

Each turn you'll grab a Fistful of Meeples and place them around the street. Then you'll take action such as mining for gold, building businesses, busting robbers, and dueling in showdowns. After the dust has settled, the player with the most points wins!
