

**FOLDABLE SOLAR PANEL CHARGER**

Model: FC014  
Maximum Power: 60W  
Voltage: 18V  
Power Tolerance:  $\pm 5\%$   
Module Efficiency STC: 20%  
Operating Temperature Range:  $-40^{\circ}\text{C}$  to  $+85^{\circ}\text{C}$   
DC5.5\*2.1 Output: 18V  
Dual USB Output: 5V 9V  
Type-c Output: 5V 9V 12V  
Standard test conditions: Irradiance:  $1000\text{W}/\text{m}^2$   
Temperature:  $25^{\circ}\text{C}$  AM=1.5

**Precautions:**

1. The solar panel has no power storage function and cannot be used as a battery.
2. Please don't use sharp object to scratch the surface of the solar panel.
3. Wiping your solar panel cleanly with a dry towel after each use can prolong service life.
4. Don't let the output of the solar panel be exposed to moisture, dirt, dust.
