

INSTALLATION

1

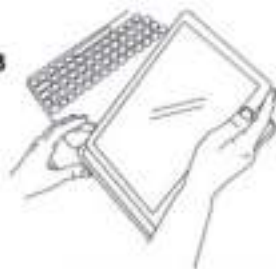

Remove protective lining from inside and outside of the case

2

Snap either the Magic or Folio Keyboard into the case

3

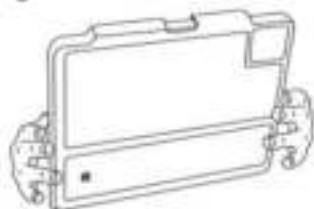

Firmly press the corners of the iPad into the case on top of the Keyboard

4

Insert Apple Pencil into fitted channel

5

Lift up and flip out the smaller panel of the case from the 2 corners of the iPad

6

Place iPad into either of the magnetic grooves (for Smart Keyboard Folio only)

7

To charge Magic Keyboard directly, plug cable (not included) into Keyboard while in stand mode
