## Uninterruptible Power Supply

Model : BV650i-GR

Input Voltage : 220-240V ~

Output Voltage : 220-240V ~

Output Capacity : 650VA, 375W

Input Frequency : 50/60Hz

Output Frequency : 50/60Hz

Rated conditional  
Short-circuit Current : I<sub>sc</sub> 11A

Input Current : 3A

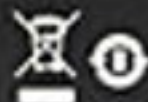

Output Current : 3A

### CAUTION:

• Batteries may cause chemical hazard, electrical shock, and energy hazard. Refer to user manual for details of the maintenance, handling and disposal requirements for batteries.

CE 35 Rue Joseph Monier,  
Puteaux-Malmaison, France
