

PRESENTING

EVO CRYSTAL WITH MAGSAFE

FOR THE iPhone 14 RANGE

New for 2022, Evo Crystal offers up to 16ft multi-drop protection thanks to its innovative FlexShock™ material AND crystal clear clarity. The built-in magnets mean MagSafe chargers and accessories can always reach full power.

Ready for Impact

This clear case is made with FlexShock™, a patented material that absorbs the impact so the phone doesn't have to – time and time again from drops up to 4.9m

Feel the Power of MagSafe

The magnets integrated into the design of the case ensure the device reaches the full power of MagSafe chargers and accessories.
