EU Data Act – Connected Product Questionnaire

Required by BoI for compliance with the European Data Act (connected products)

Questionnaire

1. Data collected by the device	
What types of data does the device collect? (e.g. usage data, sensor data, location, etc.)	Usage data (workout time, speed, distance, calories, resistance level, RPM, heart rate if connected) and sensor data (pedal speed, resistance data). No location data or personal privacy data is collected.
Is data collected continuously? (yes / no)	No
Is data collected in real-time? (yes / no)	Yes
2. Data format and size	
In what format is the data stored? (e.g. JSON, CSV, other)	App internal database
What is the approximate data size per device/user? (e.g. X MB per month, or unknown)	unknown
3. Data storage	
Is data stored locally on the device? (yes / no)	Yes (basic workout data)
Is data stored on external servers / cloud? (yes / no)	Yes (via the mobile app)
How long is the data stored / retained?	unknown
4. User access to data	
Can users view / access their data? (yes / no — and how, e.g. via app)	Yes, via the dedicated mobile app
Can users download their data? (yes / no)	unknown
Can users share their data? (yes / no)	Yes
Can users delete their data? (yes / no)	Yes
Through which method can users manage their data? (e.g. app, account, support)	App

Additional remarks / clarifications:

A signed version of this questionnaire from the factory is on file and available for review upon request.
