

Cleansing Face Wash

For your type of skin

- Cleanses and softens the skin
- Suitable for sensitive skin
- Oil-based cleanser
- Without parabens and SLS/SLES*

The first step to beautiful skin

Taking care of your skin starts with a good face cleanser. The Cleansing Face Wash contains Omega-3 and vitamin E properties due to **flaxseed oil** and **sunflower oil**. These essential oils are beneficial for the healing process of the skin. The milky and lightly foaming cleanser can be used in the morning or in the evening to remove impurities and hydrate the skin. The cleanser leaves the skin nourished without a dry feeling, making it suitable for all skin types. The Face Wash is also suitable for removing make-up.

* SLS/SLES are chemical preservatives and foaming agents.
