ENGLISH

How To Set Up Trekz Air

- Charge**
Charge the headphones with the included micro-USB cable. The LED light will turn from red to blue when charging is complete.
- Pair**
Start with your headphones off. Enter pairing mode by pressing and holding volume+ until Audrey says "pairing" and the LED light flashes red and blue.
- Connect**
Open your device's Bluetooth® menu and select "Trekz Air By AfterShokz." Audrey says "Connected" and the LED light will flash blue one time.

Let us take care of you! We've got your back against defects.
Register your Trekz Air at
register.aftershokz.com

Multifunction Button (A)

| Function | Action | Prompt/Audrey Says** |
|--|--------------------------------------|----------------------|
| Play/pause music | Click once | One beep |
| Skip to next song | Double-click while music is playing | One beep |
| Answer/end call | Click once | Two / One beep |
| Answer call waiting and put the current caller on hold | Click once to switch between callers | One beep |
| Answer call waiting and hang up on current caller | Press and hold for 2 seconds | One beep |
| Reject a call | Press and hold for 2 seconds | Two beeps |
| Prompt device assistant | Press and hold for 2 seconds | Device beep |
| Redial last number | Double-click | "Last number redial" |

Volume Up / Power Button (B), Volume Down Button (C)

| Function | Action | Prompt/Audrey Says** |
|----------------------|--|--|
| Power on | Press and hold volume+ for 3 seconds | "Welcome to Trekz Air." |
| Power off | Press and hold volume+ for 3 seconds | "Power off" |
| Mute | Press and hold both buttons for 2 seconds while on a call | "Mute on" or "Mute off" |
| Change EQ setting | Press and hold both buttons for 3 seconds while music is playing | "Equalization changed" |
| Check battery status | Click the volume up or down button while music is paused | "Battery high, medium, low (or) charge me" |
| Adjust volume | Click the volume up or down button to adjust volume | One beep |

Specifications

| | | | |
|--------------------|----------------------------|--------------------|-------------|
| Part number | AS650 | Frequency response | 20Hz-20KHz |
| Speaker type | Bone conduction transducer | Sensitivity | 100 ± 3dB |
| Bluetooth® version | Bluetooth® v4.2 | Microphone | -40dB ± 3dB |

| | | | |
|------------------------|-----------------------|----------------------|--------------------------|
| Wireless range | 33 ft. (10m) | Battery | Rechargeable lithium ion |
| Compatible profiles | AZDP, AVRCP, HSP, HFP | Weight | 1.06 oz |
| Continuous play | Up to 6 hours | Standby time | Up to 20 days |
| Charge time | 2 hours | Warranty | 2 years |
| Frequency band | 2400MHz-2483.5MHz | Maximum output power | 4dBm |
| Maximum Charge Voltage | 5.25 V | Water-resistance | IP55 |
| Speaker Impedance | 11.4 ohm | Battery Capacity | 183 mAh |

LED Indicator

| | |
|-----------------------------|-------------------|
| Solid red | Charging |
| Solid blue | Charging complete |
| Flashes red and blue | Pairing mode |
| Flashes blue | Incoming call |
| Flashes red every 2 minutes | Low battery |

Multipoint Pairing

Multipoint pairing allows Trekz Air to be connected to two devices at once, allowing users to seamlessly transition between the two.

- Start with your headphones off.
- Press and hold volume+ until Audrey says "Pairing" and the LED light flashes red and blue.
- Press and hold the multifunction button and volume+ button for 3 seconds. Audrey says "Multipoint Enabled."
- Open your first device's Bluetooth menu and select Trekz Air by AfterShokz. Audrey says "Connected."
- Turn your headphones off.
- Re-enter pairing mode by pressing and holding volume+ until Audrey says "Pairing" and the LED light flashes red and blue.
- Open your second device's Bluetooth menu and select Trekz Air by AfterShokz. Audrey says "Connected."
- Turn your headphones off.
- Turn your headphones on. Your headphones are now connected to both devices.

More information:
bit.ly/ASMultipoint

How To Reset Your Headphones

- Start with your headphones off.
- Enter pairing mode by pressing and holding volume+ until Audrey says "Pairing" and the LED light flashes red and blue.
- Press and hold the multifunction button, volume+ button and volume- button (all three buttons) simultaneously for 3-5 seconds, until you hear two beeps or feel vibrations.
- Turn your headphones off. Trekz Air is now reset and can be re-paired to your device.

Optional Accessories

Earplugs (D)

Use with headphones in environments where it is safe to block out ambient noise, such as on a train or airplane.

- Roll earplugs firmly between fingers and place in ears.
- To adjust EQ settings to reduce or enhance bass while wearing earplugs, press and hold volume up and down buttons simultaneously.
- Switch EQ to normal condition when you take out the earplugs.

Manufacturer

AfterShokz LLC, 1 Adler Drive, East Syracuse, NY 13057.

ENGLISH

Storage and maintenance

- Store the headphones in cool and dry place. The working temperature should be 0–45°C(32–113°F).Working in cold/hot environment or highly humid area may reduce the life of battery.
- After storage for a long period, please charge the headphones before using again.
- The headphones are water resistant, but are NOT waterproof. Please DO NOT submerge the headphones in water.
- Listening with headphones at high volume may affect your hearing and the audio will be distorted.
- Clean the headphones with a soft dry cloth.
- Do not charge right after exercising, in case there's sweat inside the charging port, which could lead to circuit burning while charging. Keep the charging port dry before connecting to charger will reduce the risk.

Note

Design and specification are subject to change without notice. For the most up-to-date product information, please visit www.aftershokz.com.

FCC caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

Note

This equipment has been tested and found to comply with the limits for a Class C digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Declaration of Conformity of Industry Canada

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.This Class (B) digital apparatus complies with Canadian ICES-003.

Manufacturer declarations

Warranty

Aftershokz LLC gives a warranty of 24 months on this product.For the current warranty conditions, please visit our website at www.aftershokz.com or contact your Aftershokz partner. Before putting the product into operation, please observe the respective country specific regulations.

USB

Due to the used enclosure material, the product shall only be connected to a USB Interface of version 2.0 or higher. The connection to so called power USB is prohibited.

Battery

CAUTION RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

Sound pressure

Excessive sound pressure from earphones and headphones can cause hearing loss.

Declaraciones del fabricante

Garantía

Aftershokz LLC concede una garantía de 24 meses sobre este producto. Puede consultar las condiciones de garantía actuales en la página de Internet www.aftershokz.com u obtenerlas de su distribuidor Aftershokz. Antes de la puesta en servicio, se deben observar las disposiciones específicas del país de uso.

USB

Debido al material del recinto utilizado, el producto solo deberá conectarse a la interfaz USB de la versión 2.0 o superior. La conexión al denominado USB power está prohibida.

Batería

PRECAUCIÓN: EXISTE RIESGO DE EXPLOSIÓN SI LA BATERÍA ES REEMPLAZADA POR UN TIPO INCORRECTO. ELIMINE LAS BATERÍAS USADAS DE ACUERDO CON LAS INSTRUCCIONES.

Presión del sonido

La presión excesiva de auriculares y audífonos puede causar pérdida de audición.

En conformidad con los requisitos básicos y demás especificaciones de las Directivas:

- ▶ Directiva RoHS (2011/65/EU)
- ▶ Directiva WEEE (2012/19/EU)

Le rogamos que deseche el producto a través del centro de recogida y/o reciclaje de su municipio.

Conformidad CE

- ▶ RED (2014/53/EU)

La declaración se puede consultar en Internet www.aftershokz.com.

Por el presente, Aftershokz LLC declara que los auriculares con tecnología Bone Conduction AS600 cumplen con la Directiva 2014/53/EU.

El texto completo de la declaración de conformidad de la EU está disponible en la siguiente dirección de internet:<https://aftershokz.com/pages/policies>

FRANÇAIS

Rangement et entretien

- ▶ Rangez le casque dans un endroit frais et sec. La température de travail doit être 0–45°C (32–113°F). Travailler dans un environnement chaud / froid ou d'une zone très humide peut réduire la vie de la batterie. Stockage.
- ▶ After pendant une longue période, s'il vous plaît charge le casque avant de l'utiliser à nouveau.
- ▶ Les écouteurs sont résistants à l'eau, mais ne sont pas étanches. S'il vous plaît NE PAS Immerger le casque dans l'eau.
- ▶ Écouteurs à un volume élevé peut nuire à votre audition et le son sera déformé.
- ▶ Clean les écouteurs avec un chiffon doux et sec.

- ▶ Ne charge pas tout de suite après l'exercice, dans le cas où il ya la sueur à l'intérieur du port de charge, ce qui pourrait conduire à combustion circuit pendant la charge. Gardez le port de charge sec avant de brancher le chargeur permettra de réduire le risque.

Remarque

Conception et les spécifications sont sujets à changement sans préavis. Pour plus d'informations le plus up-to-date de produit, s'il vous plaît visitez

Garantie

Aftershokz LLC offre une garantie de 24 mois sur ce produit.

Pour avoir les conditions de garantie actuelles, veuillez visiter notre site web sur www.aftershokz.com ou contactez votre partenaire Aftershokz. Avant d'utiliser ce produit, veuillez observer les dispositions légales en vigueur dans votre pays!

USB

En raison du matériau utilisé pour le boîtier, le produit ne doit être connecté qu'à une interface USB de la version 2.0 ou supérieure. La connexion à un USB d'alimentation est interdite.

PORTUGUÊS

Armazenamento e manutenção

- ▶ Store os fones de ouvido em local fresco e seco. A temperatura de trabalho deve ser 0–45°C(32–113°F). Trabalhando em ambiente frio/quente ou área altamente úmida pode reduzir a vida da bateria.
- ▶ Depois de armazenamento por um longo período, carregue os fones de ouvido antes de usar novamente.
- ▶ Os fones de ouvido são resistentes à água, mas não são à prova d'água. Por favor, não mergulhe os fones de ouvido em água.
- ▶ Ouvir com fones de ouvido em alto volume pode prejudicar sua audição eo áudio será distorcida.
- ▶ Clean os fones de ouvido com um pano macio e seco.
- ▶ Não carregue logo após o exercício, no caso de haver suor dentro da porta de carga, o que poderia levar a queima do circuito durante o carregamento. Mantenha o porto seco de carga antes de ligar para o carregador irá reduzir o risco.

Note

O design e as especificações estão sujeitas a alterações sem aviso prévio. Para a informação de produto mais up-to-date, visite www.aftershokz.com

In compliance with the essential requirements and other relevant provisions of the following Directives.

- ▶ RoHS Directive(2011/65/EU)
- ▶ WEEE Directive(2012/19/EU)

Please dispose of this product by taking it to your local collection point or recycling center for such equipment.

CE Declaration of Conformity

- ▶ RED(2014/53/EU)
- The CE Declaration of Conformity is available on our website at www.aftershokz.com.

Hereby, Aftershokz declares that the Bone Conduction Headphones AS600 is in compliance with Directive 2014/53/EU.

ESPAÑOL

Almacenamiento y mantenimiento

- ▶ Guarda los auriculares en lugar fresco y seco. La temperatura operativa deberá encontrarse entre 0–45 °C (32–113°F). El uso en ambientes muy fríos/cálidos o zonas de alta humedad reducirá la vida de la batería.
- ▶ Tras un largo periodo de almacenamiento, por favor cargue los auriculares antes de volver a usarlos.
- ▶ Los auriculares son resistentes al agua, pero no son sumergibles. Por favor, NO meta los auriculares en el agua.
- ▶ Si utiliza los auriculares a un volumen elevado puede dañar sus oídos y el audio será distorsionada.
- ▶ Limpia los auriculares con un paño suave y seco.
- ▶ No cargue inmediatamente después del ejercicio, por si hay sudor en el interior del puerto de carga, lo que podría conducir a la quema de circuito durante la carga. Mantenga el puerto de carga seco antes de conectar al cargador reducirá el riesgo.

Note:

El diseño y las especificaciones están sujetos a cambios sin notificación previa. Para la información de producto más actualizada, visite www.aftershokz.com

DEUTSCH

Lagerung und Instandhaltung

- ▶ Lagern Sie die Kopfhörer an einem kühlen und trockenen Ort. Die Betriebstemperatur sollte zwischen 0-45°C liegen. Der Betrieb in kalten oder heißen Umgebungen, sowie Umgebungen mit hoher Luftfeuchtigkeit kann die Lebensdauer der Batterie verkürzen.
- ▶ Wenn die Kopfhörer über einen langen Zeitraum nicht benutzt wurden, laden Sie diese bitte vor erneuter Verwendung auf.
- ▶ Die Kopfhörer sind wasserresistent, aber nicht wasserdicht. Bitte tauchen Sie die Kopfhörer NICHT unter Wasser.
- ▶ Wenn Sie die Kopfhörer bei hoher Lautstärke verwenden, kann dies Ihr Gehör beeinträchtigen und den Ton verzerrten.
- ▶ Reinigen Sie die Kopfhörer mit einem weichen, trockenen Tuch.
- ▶ Direktes aufladen der Kopfhörer nach dem Sport kann zu einem Kurzschluss führen, wenn sich am Ladeanschluss noch Schweiß befindet. Achten Sie daher darauf, dass der Ladeeingang vor Anschluss an das Ladegerät trocken ist.

Hinweis

Das Design und die Spezifikationen können ohne Ankündigung geändert werden. Wenn Sie die aktuellsten Produktinformationen erhalten möchten, besuchen Sie bitte www.aftershokz.com

ITALIANO

Conservazione e manutenzione

- ▶ Store the cuffie in luogo fresco e asciutto. La temperatura di esercizio deve essere 0–45°C (32–113°F). Lavorare in ambiente freddo/caldo o zona altamente umida può ridurre la vita della batteria. Archiviazione.
- ▶ After per un lungo periodo, caricare le cuffie prima di utilizzarle nuovamente.
- ▶ Le cuffie sono resistenti all'acqua, ma non sono impermeabili. Si prega di NON FARE immergere le cuffie in acqua.
