PRODUCT DESCRIPTION

PediVac™ - Callous remover with suction function

Remove annoying callouses within seconds and ensure perfectly pedicured, beautiful feet. The Pedi Vac's special feature is the integrated suction function, which automatically sucks up all skin particles. The 2000 rpm motor gives gentle rotations, as well as fast and safe callous removal. Personalize your foot care by choosing between 2 strength levels. You have the choice between a gentle filing attachment and a coarse filing attachment. Pedi Vac is extremely lightweight and fits perfectly in the hand. In addition, the integrated rechargeable battery can be recharged at any time using a USB cable. The practical collection container can be cleaned easily and quickly.
