---

## Test OK! Click the button every time, the garage door will open or close.

### Below are checklist before using the device:

• Your smart phone or tablet should have connected a 2.4G WiFi with internet.

• The device only supports 2.4G Wi-Fi. If you use a 5G router (it provides two Wi-Fi signals: 5G and 2.4G), please select the 2.4G WiFi to connect your smart phone.

• Download one of the APPs: "Tuya Smart" APP or "Smart Life" APP from APP Store or Google Play store.

• During pairing process, make sure that your iOS or Android device and the Smart Garage Door Switch are within the range of your WiFi router.

• Make sure your router is MAC-open. If not, please cancel the router's MAC filtering setting first.
