

# e 835/e 835 S

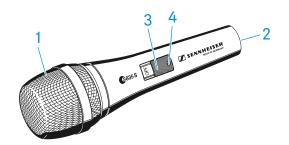

Instruction manual

# **Delivery includes**

- e 835 / e 835 S
- MZQ 800 microphone clamp
- pouch
- quick guide
- safety guide

# **Product overview**

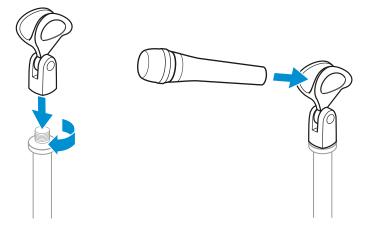

- 1. Sound inlet basket
- 2. XLR-3 connector
- 3. On/off switch (e 835 S only)
- 4. Screw (e 835 S only)

# Installation

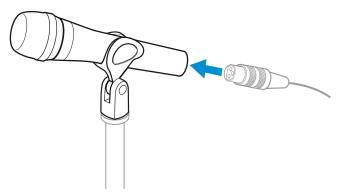

#### Attaching the microphone

- $\triangleright$  Screw the microphone clamp to a stand.
- ▷ Place the microphone with its back end into the microphone clamp.
- $\triangleright$  Orient the microphone together with the microphone clamp.

## Connecting the microphone

Connect the XLR-3 socket of the microphone cable (optional accessories) to the XLR-3 socket of the microphone.

### Using the windshield

▷ Place the MZW 4032 (optional accessories) windshield over the microphone head.

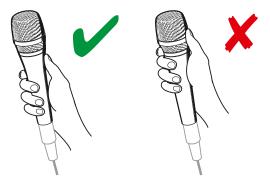

# Operation

## Holding the microphone

If you cover the microphone head during transmission, this will change the pick-up pattern of the microphone and consequently the sound.

 $\triangleright$  Only hold the radio microphone by its body.

## Positioning the microphone

 $\triangleright$  It is vital to observe the following notes:

| Position | Resulting sound   | Commentary                                     |  |  |  |  |  |
|----------|---|--|--|--|--|--|--|
| A        | High proximity effect (large bass boost)<br>Powerful, direct sound                      | Very little crosstalk from other sound sources |  |  |  |  |  |
| В        | Less proximity effect (less bass boost)<br>Some room ambience, natural, balanced sound  | More crosstalk from other<br>sound sources     |  |  |  |  |  |
| С        | Very little proximity effect (minimal bass boost)<br>More room ambience, indirect sound | Higher crosstalk from other sound sources      |  |  |  |  |  |

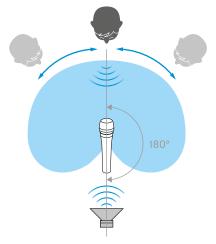

If sibilance occurs:

 $\triangleright$  Position the microphone slightly to the side and not directly in front of the mouth.

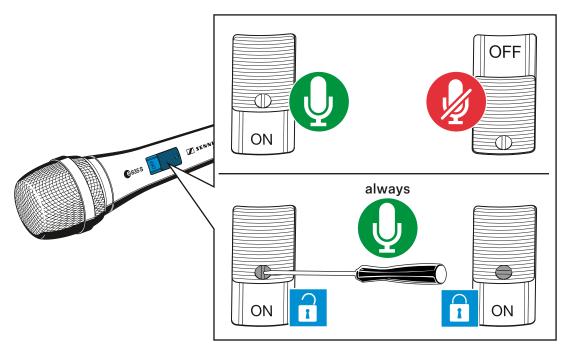

# Positioning the monitor loudspeakers

▷ To prevent feedback and crosstalk, postion your monitor loudspeakers in the angle area of the highest cancellation of the microphone (approx. 180°).

# Switching the e 835 S on/off

- $\,\triangleright\,\,$  Use the on/off switch to switch the the e 835 S on or off.
- $\,\triangleright\,\,$  If necessary, use the screw to lock the on/off switch in the "on" position.

# Cleaning and maintaining the e 835 / e 835 S

## CAUTION

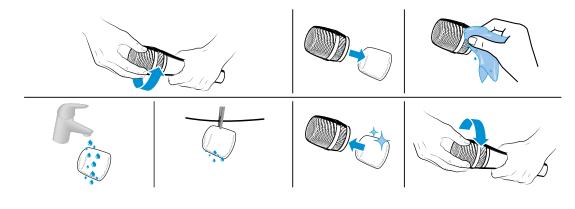

#### LIQUIDS CAN DAMAGE THE ELECTRONICS OF THE PRODUCT!

Liquids entering the housing of the product can cause a short-circuit and damage the electronics.

- ▷ Keep all liquids away from the product.
- $\triangleright$  Do not use any solvents or cleansing agents.
- ▷ Disconnect the products from the power supply system and remove rechargeable batteries and batteries before you begin cleaning.
- ▷ Clean all products only with a soft, dry cloth.

#### Cleaning the sound inlet basket of the microphone module

- $\,\triangleright\,\,$  Unscrew the sound inlet basket.
- $\,\triangleright\,\,$  Remove the foam insert from the sound inlet basket.
- $\triangleright$  Use a slightly damp cloth to clean the sound inlet basket from the inside and ouside.
- $\triangleright$  If necessary, clean the foam insert with a mild detergent or replace the foam insert.
- $\triangleright$  Dry the foam insert.
- $\triangleright$  Reinsert the foam insert.
- $\triangleright$  Replace the sound inlet basket on the microphone head and screw it tight.

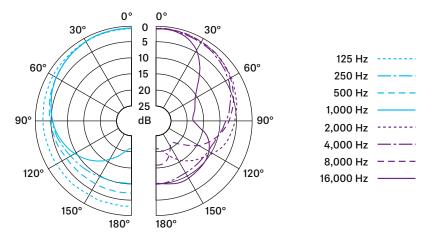

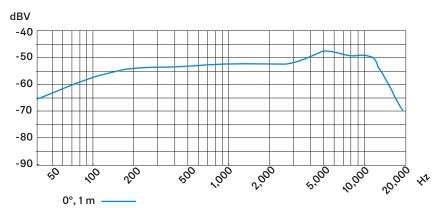

# **Specifications**

| Transducer principle              | dynamic        |  |  |  |  |  |  |  |
|-----------------------------------|----------------|--|--|--|--|--|--|--|
| Frequency response                | 40 - 16,000 Hz |  |  |  |  |  |  |  |
| Pick-up pattern                   | cardioid       |  |  |  |  |  |  |  |
| Sensitivity (free field, no load) | 2.7 mV/Pa      |  |  |  |  |  |  |  |
| Nominal impedance (at 1 kHz)      | 350 Ω          |  |  |  |  |  |  |  |
| Min. terminating impedance        | 1 kΩ           |  |  |  |  |  |  |  |
| Connector                         | XLR-3          |  |  |  |  |  |  |  |
| Temperature range                 | 0 °C to +40 °C |  |  |  |  |  |  |  |
| Dimensions                        | Ø 48 x 180 mm  |  |  |  |  |  |  |  |
| Weight                            | 330 g          |  |  |  |  |  |  |  |
