Instructions

▲ This product includes a button battery that can be used as an emergency power source and has a memory function. No need to reset the alarm after power off. **Remove the insulation sheet from the button battery when using for the first time.**

Time Setting

In power-on state, have a long press on “🔔” for 2 seconds to enter time setting:

Use “⊕/⊖” to set “hour”, press “🔔” to confirm;

Use “⊕/⊖” to set “minute”, press “🔔” to confirm;

Use “⊕/⊖” to choose “12/24H”, press “🔔” to confirm; finish setting.

LED Time Display Brightness

In power-on state, short press “🔔” to adjust the brightness of LED display.

There are three brightness options.

The order of brightness changes is: High brightness – Medium brightness – No brightness.

Alarm Clock Function

Alarm Clock Group

This product supports dual alarm clock mode.

You can set two different alarm times.

For example, set the Alarm clock 1 for weekdays and set Alarm clock 2 for weekends.

When the weekend comes, you can turn off the Alarm clock 1

Their operation and setting are exactly the same (take Alarm 1 as an example in the instruction).

Turn ON/OFF Alarm Clock

In time state, press “🕒” to turn on alarm, and corresponding icon is displayed in time area.

In alarm-on state, press “🕒” to turn off alarm, and corresponding icon will disappear.

Alarm Clock Setting

In time state, have a long press on “🕒” for 2 seconds to enter alarm setting.

Use “⌚/⌚” to set “Hour”, press “🕒” to confirm.

Use “⌚/⌚” to set “Minute”, press “🕒” to confirm.

Alarm Ringtone Setting

Use “🎵/🎵” to set ringtone, press “🕒” to confirm.

You can set “S-00 NO SOUND”, “S-01~S-07 WAKE-UP RINGTONE” or “F-08 FM RADIO” to wake up to.

Option 1-7 is the wake-up ringtone. (There are: bird singing, ocean sound, stream sound, beep, windbell, soft music and piano music.)

Option 8 is FM radio

(Note: The channel that the FM radio wakes up depends on the channel you last listened to.)

Alarm Volume Setting

Use “☉/☉” to set Alarm Volume (Volume Range: V-01~V-16), and press “⏸” to confirm.

When the set alarm time arrives, the wake-up ringtone will gradually sound.

Wake Up Light Brightness Setting

Use “☉/☉” to set brightness of wake-up lights (L-00~L-20), and press “⏸” to confirm.

(Note: When the set light time arrives, the light will slowly turn from dark to the preset brightness level.L-00 means turning off the light.Set the light state to L-00 when you don't need a light wake up.)

Simulated Sunrise Time Setting

Use “☉/☉” to set advance time to lighten (10~60MIN), and press “⏸” to confirm, finish setting.

You can set the light to turn on 10~60 minutes before the alarm sounds.

In the set sunrise simulation time the light intensity of the lamp gradually increases to the set level and the light color changes from deep morning red to bright daylight.

Snooze Function

- When alarm clock goes off, press “⏸” to enter snooze state,you can get an extra 9 minutes of sleep time.(Note:snooze up to 5 times)
- When alarm clock goes off (or snooze state), press the corresponding alarm clock button to turn off lights and sound.
- When alarm clock goes off, if there aren't any operations within 15 minutes, it will turn off lights and sound automatically.

Sleep Mode

In time state, press “” to turn on/off sleep mode.

Sleep Mode Setting

In time state, have a long press on “” for 2 seconds to enter sleep setting. Use “/” to set “Sleep Time” (Optional setting time range is 10–120 minutes), press “” to confirm.

Lights Initial Brightness Setting

Use “/” to set “Lights Initial Brightness” (L-00~L-20), press “” to confirm.

(Note: Contrary to the sunrise mode, the light will gradually dim in sleep mode. L-00 means turning off the light. Set the light state to off when you don't need light-assisted sleep.)

Sleep Music Setting

Use “/” to set “Sleep Music” (S-00 NO SOUND, S-01~S-03 NATURAL SOUNDS, F-04 FM RADIO), press “” to confirm.

There are 3 kinds of ringtone can be selected.

There are: Rain, Forest and River sound.

(Note: The channel that the FM radio depends on the channel you last listened to.)

Volume Setting

Use “⊖/⊕” to set “Initial Volume” (Range: V-01~L-16), press “⊕/⊖” to confirm, finish setting.

(Note:When the sleep mode is turned on, the light does not turn off directly. Instead, it will slowly turn from bright white to deep red until it is completely closed.)

Lighting Function

Light Brightness Setting

In power-on state, press “⊕/⊖” to turn on light;
press “⊕/⊖” to set the brightness, display the brightness (L01~L20);
press “⊕/⊖” again to turn off the light.

(Note: when turn on the light,the wake-up light will gradually change from dark red to bright white.When turning off the light, it is the opposite.)

Colorful Lights Setting

In power-on state, double press “⊕/⊖” to turn on colorful lights, and enter the automatic color mode;

In the automatic color mode, press “⊕/⊖” to switch manual color mode;

In the manual color mode, have a long press on “⊖/⊖” to switch automatic color mode again.

press “⊕/⊖” again to turn off colorful lights.

FM Radio Function

Please have a long press on “⊕/⊖” for 2 seconds to turn on automatic search mode in your first use, the radio will automatically save the frequency of P01, P02...

Turn on Radio

In time state, press “⊕/⊖” to turn on FM radio. Long press on “⊕/⊖” for 2 seconds to set FM frequency.Short press the “⊕/⊖” button to set radio volume.

Turn off Radio

In radio-on state, press “⊕/⊖” to turn off FM radio function.If the signal is not good, you can solve it by changing the position and lengthening the antenna.

▲ CAUTION

- Place the appliance on a stable, level and non-slippery surface.
- Do not use the appliance at room temperatures lower than 50° F/ 10° C or higher than 95° F/35° C.
- Do not use this appliance as a means to reduce your hours of sleep. The purpose of this appliance is to help you wake up more easily. It does not diminish your need for sleep.
- This appliance is only intended for household use, including similar use in hotels.

Storage

- Clean the appliance with a soft cloth.
- Do not use abrasive cleaning agents, pads or cleaning solvents like alcohol, acetone, etc., as this may damage the surface of the appliance.
- If the appliance will not be used for an extended period of time, remove the power cord from the wall outlet and store the appliance in a safe, dry location where it will not be crushed, banged, or subject to damage.
- Do not wrap the power cord around the appliance when storing it.
