How nice would it be to have your miniMAX® personal parasol at hand – at all times? It might just become your new summer love!

The miniMAX® personal parasol:

- Is a beautiful sunshade, cooling you down as your private shadow-maker
- It has a unique UPF 50+ coating that provides protection against harmful UV radiation
- At a mere 120 grams, it's super light-weight!
- It's also super compact and easy to carry with you at all times

UPF50+

- The cover is fully windproof, so it can be used during windy or rainy days as well
- Its creative summer designs will always cheer you up!

Enjoy the sun and have fun with your new miniMAX® personal parasol!
