

English

This declaration of conformity is issued under the sole responsibility of GN Hearing A/S. The following equipment complies with the directives: RoHS 2.0 (2015/863/EU), R.E.D (2014/53/EU), EMC Directive (2014/30/EU), LVD (2014/35/EU), EU Packaging and Packaging Waste Directive 94/62/EC, and the REACH (EC) 1907/2006 compliance programs issued by the Commission of the European Community.

The full text of the EU declaration of conformity is available at the following internet address: <https://support.steelseries.com/hc/en-us/categories/360001256111-Other-Stuff>

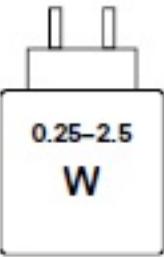

Operating Temperature: 0 to + 40 °C

Frequency bands and Powers

- a Frequency band(s) in which the radio equipment operates: 2.400–2.4835 GHz
- b Maximum radio-frequency power transmitted in the frequency band(s) in which the radio equipment operates:
 - EIRP:GFSK:9.27dBm (Wireless Headset)
 - EIRP: π/4-DQPSK: 6.72dBm (Wireless Headset)
 - EIRP: 8DPSK:6.71dBm (Wireless Headset)
 - EIRP:GFSK: 9.07 dBm (Transceiver)
- c Firmware Version: P1.17.00

Charge Care

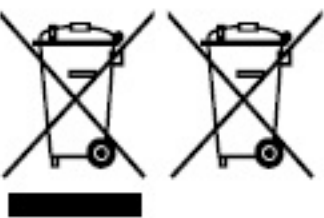

If product is charged with a USB cable, use only a suitable USB cable which is in good condition, and charge/power the product according to the instructions.

The power delivered by the charger shall be between min 0.25 Watts required by the radio equipment, and max 2.5 Watts in order to achieve the maximum charging speed.

AUDIO PRODUCT WARNING!

PERMANENT HEARING LOSS MAY RESULT FROM LONG-TERM EXPOSURE TO SOUNDS AT HIGH VOLUMES. USE AS LOW A VOLUME AS POSSIBLE.

European Union: The product, battery, and accessories should not be disposed of as unsorted household waste. Please use the public collection system to return, recycle, or dispose of them in compliance with local regulations.

Battery Warning

- Keep batteries out of reach of children.
- Do not swallow batteries. If swallowed, seek medical help immediately.

- Do not dispose of batteries in fire; they may explode or leak.
- Use only the specified battery type for this product.
- Dispose of used batteries according to local regulations.

Read the safety instructions carefully and thoroughly. All cautions and warnings on the equipment or user’s manual should be noted.

Keep this equipment away from humidity and high temperature.

- Do not leave the equipment in an unconditioned environment with a storage temperature above 60°C (140°F) or below 0°C (32°F), which may damage the equipment.
- This unit should be operated under maximum ambient temperature of 40°C (104°F).
- To prevent explosion caused by improper battery replacement, use the same or equivalent type of battery recommended by the manufacturer only.
- Always keep the battery in a safe place.

Caution: Do not continue using the battery if it is swollen.
