**Title: Wearable and Heart Rate Monitoring (HRM) Devices****EU Data Act Information**

<b>Data Types</b>	<p>This product generates data such as:</p> <ul style="list-style-type: none"> <li>• Biometrics (e.g., heartrate)</li> <li>• Movement data (e.g., steps)</li> <li>• Location data (e.g., GPS coordinates)</li> <li>• Data relating to environment (e.g., barometric altimeter)</li> <li>• Device status information (e.g., battery percentage)</li> </ul> <p>For more details concerning the data generated by this device, please refer to the specifications provided on the product page.</p>
<b>Format</b>	FIT and JSON
<b>Estimated Volume</b>	Volume of data depends on factors such as frequency of use and settings.
<b>Is the product capable of generating data continuously and in real-time?</b>	Yes, but whether data is actually generated continuously depends on the features used and settings.
<b>Is the product capable of storing data on the device or on remote server?</b>	Both, but data is only uploaded to the server if synced.
<b>Retention Period</b>	Data is retained on device until deleted by user or until device runs out of storage space. Data uploaded to account is retained as long as account active or until deleted by user.
<b>Data Management and Related Terms</b>	Visit our <a href="#">Account Management Center</a> to manage your data. Please review the applicable <a href="#">Privacy Policy</a> and <a href="#">Terms of Use</a> .

**Title: Cycling Computers and Tacx Trainers****EU Data Act Information**

<b>Data Type</b>	<p>This product generates data such as:</p> <ul style="list-style-type: none"> <li>• Movement data (e.g., compass)</li> <li>• Location data (e.g., GPS coordinates)</li> <li>• Data relating to environment (e.g., barometric pressure)</li> <li>• Device status information (e.g., battery percentage)</li> </ul> <p>For more details concerning the data generated by this device, please refer to the specifications provided on the product page.</p>

**Title: Marine Chartplotters, Fishfinders, and Transducers****EU Data Act Information**

<b>Data Type</b>	<p>This product generates data such as:</p> <ul style="list-style-type: none"> <li>• Location data (e.g., GPS coordinates)</li> <li>• Data relating to environment (e.g., sonar)</li> </ul> <p>For more information, please refer to the specifications provided on the product page.</p>
<b>Format</b>	GPX and JSON
<b>Estimated Volume</b>	Volume of data depends on factors such as frequency of use and settings.
<b>Is the product capable of generating data continuously and in real-time?</b>	Yes, but whether data is actually generated continuously depends on the features used and settings.
<b>Is the product capable of storing data on the device or on remote server?</b>	Both, but data is only uploaded to the server if synced.
<b>Retention Period</b>	Data is retained on device until deleted by user or until device runs out of storage space. Data uploaded to account is retained as long as account active or until deleted by user.
<b>Data Management and Related Terms</b>	Visit our <a href="#">Account Management Center</a> to manage your data. Please review the applicable <a href="#">Privacy Policy</a> and <a href="#">Terms of Use</a> .

**Title: Marine Radar****EU Data Act Information**

<b>Data Type</b>	<p>This product generates data such as:</p> <ul style="list-style-type: none"> <li>• Data relating to environment (e.g., distance to radar targets)</li> </ul> <p>For more information, please refer to the specifications provided on the product page.</p>
<b>Format</b>	Garmin Proprietary
<b>Estimated Volume</b>	Volume of data depends on factors such as frequency of use and settings.
<b>Is the product capable of generating data continuously and in real-time?</b>	Yes, but whether data is actually generated continuously depends on the features used and settings.
<b>Is the product capable of storing data on the device or on remote server?</b>	No
<b>Retention Period</b>	Data is not retained on device or connected displays beyond the real time image presentation.
<b>Data Management and Related Terms</b>	Visit our <a href="#">Account Management Center</a> to manage your data. Please review the applicable <a href="#">Privacy Policy</a> and <a href="#">Terms of Use</a> .

**Title: Trolling Motors**

**EU Data Act Information**

<b>Data Type</b>	<p>This product generates data such as:</p> <ul style="list-style-type: none"> <li>• Location data (e.g., GPS coordinates)</li> </ul> <p>For more information, please refer to the specifications provided on the product page.</p>
<b>Format</b>	GPX and JSON
<b>Estimated Volume</b>	Volume of data depends on factors such as frequency of use and settings.
<b>Is the product capable of generating data continuously and in real-time?</b>	Yes, but whether data is actually generated continuously depends on the features used and settings.
<b>Is the product capable of storing data on the device or on remote server?</b>	Both, but data is only uploaded to the server if synced.
<b>Retention Period</b>	Data is retained on device until deleted by user or until device runs out of storage space. Data uploaded to account is retained as long as account active or until deleted by user.
<b>Data Management and Related Terms</b>	Visit our <a href="#">Account Management Center</a> to manage your data. Please review the applicable <a href="#">Privacy Policy</a> and <a href="#">Terms of Use</a> .

**Title: Audio Stereos****EU Data Act Information**

<b>Data Type</b>	<p>This product generates data such as:</p> <ul style="list-style-type: none"> <li>• Device status information (e.g., battery percentage)</li> </ul> <p>For more details concerning the data generated by this device, please refer to the specifications provided on the product page.</p>
<b>Format</b>	Garmin Proprietary
<b>Estimated Volume</b>	Volume of data depends on factors such as frequency of use and settings.
<b>Is the product capable of generating data continuously and in real-time?</b>	Yes, but whether data is actually generated continuously depends on the features used and settings.
<b>Is the product capable of storing data on the device or on remote server?</b>	Device only
<b>Retention Period</b>	Data is retained on the device only, for debug purposes. It is not user accessible.
<b>Data Management and Related Terms</b>	Visit our <a href="#">Account Management Center</a> to manage your data. Please review the applicable <a href="#">Privacy Policy</a> and <a href="#">Terms of Use</a> .
