

The Unicare® soft contact lenses are high quality contact lenses with integrated UV protection. These contact lenses have been designed for everyday use and only need to be replaced once a month. These monthly lenses are suitable for people who have been wearing contact lenses for some time now without any problems.

HAVE YOUR EYES CHECKED BY YOUR OPHTHALMOLOGIST OR OPTICIAN AT LEAST ONCE A YEAR.

Contents: 1 sterile, soft contact lens in a balanced saline solution. Material: Filcon 4, ionic. Water content: 55%.
