 2 PLAYERS

 45 MIN.

In 1894, farmers from the village of Malpaso face the prospect of losing their livelihood to a band of roving thieves, led by 'General' Mapache.

Their solution: go to 'Padre' Esteban. After raising funds by any means at the 'All Rivers' Poker tournament, the Padre recruits a band of gunslingers who fortify Malpaso, and usher the frightened villagers into an abandoned silver mine for protection.

Both sides will suffer casualties in the calamitous battle, but will the Mexican Army arrive in time to put an end to the bloodshed?

Revolver 2 is a non-collectable card game which takes you on adventure across Mexico. This successor of Revolver brings new locations and features brand new gameplay elements including a mine-cart mounted gatling gun, blowing up a bridge, assembling your own team of gunfighters, and dynamiting mine tunnels. The game also includes a terrific stud poker mini-game that allows both players to shape their game.

Like the original Revolver, the game is elegantly simple, can be learned in five minutes, and appeals to both beginners and experienced gamers. Revolver 2 is a complete, new game and does not require the original version.
