Configuration requise

- Windows 10, 8 ou 7
- Mac équipé d'un processeur Intel avec Mac OS X 10.5 (Leopard) ou version supérieure
- Chrome OS
- Port USB

Illuminated design

The Trust Yvi wireless illuminated mouse combines functionality with colour. Take this compact mouse anywhere with you and start working in a flash. The Yvi lights up your working station: the LED illumination in the mouse continuously changes colour. Additionally, its compact design makes sure you can easily take the mouse with you. This combined with the rubber sides makes sure that you can work everywhere comfortably.

Wireless technology

The mouse works wirelessly within a range of 8 meters via a storable USB micro receiver. Plug this small receiver into your laptop or PC and you can start using the mouse immediately. When you're finished, simply leave the receiver in your PC or laptop or store it in the compartment in the mouse. Easily turn the mouse on/off with the power switch to save battery.

Made for everyone

Select your speed with the speed select button (800/1600 DPI). You cannot only select your own speed but also use this mouse ambidextrously. This means it can be used by right-handed as well as left-handed users. This makes the Yvi handy for everyone!

GÉNÉRAL
