

Naïf Natural Sunscreen Face SPF30

*For natural people to
enjoy natural sunny days*

- With non-nano natural UV filters
- Does not leave a white haze
- Suitable for sensitive skin types

Naïf Natural Sunscreen SPF30 has a 100% natural mineral formula that is suitable for the most sensitive skin. The light weighted formula with non-nano Zinc Oxide as active ingredient protects instantly from UVA and UVB radiation. It's easy to apply and does not leave a white haze thanks to the use of natural oils. And did we mention it's ocean friendly? Naturally.

Apply at least every two hours for optimal protection. When used in combination with day cream, apply day cream before using Naïf Natural Sunscreen.

Have a natural sunny day!
