Pregnancy Body Oil – € 19.95

Yay, there's a baby on the way! During pregnancy not only your body changes, but also your skin needs some extra care. You might notice stretch marks, pigmentation and a dry skin. Ingredients we would rather avoid are chemical substances that can irritate your skin or disrupt your hormonal system. Think of parabens, silicones and mineral oils. That's why Naïf introduces the Pregnancy Body Oil with grape seed oil. Just natural.
