Attention

- During the use of toys, you should regularly check whether the shell and other parts are damaged. If you find the damage, you should stop using it until it is repaired properly.
- Maintenance method: The electrical components of this product must not enter water or be placed in a humid environment. When cleaning, please wipe the surface stains with a dry rag. Do not let children play with disintegrated, damaged or deformed toys to avoid accidental swallowing and suffocation.
- The toy uses an external battery, and it is recommended to use a compliant No. 7 battery on the market (If the battery leaks or swells, please do not install and use it to avoid risk)
