- * Actual product appearance and dimensions may vary.
- * Actual battery life may vary due to its dependence on volume of music playback, output source, environmental interference, product features, and usage habits.
- * A 10-minute charge keeps your Buds Pro going for 10 hours (combination of earbuds and case). A 10-minute charge of the earbuds shall deliver up to 2 hours of playtime only. Said results are based on tests done within OnePlus laboratories (25° C or 77° F) on April 26, 2021 with a standard 5V-1.5A adapter and USB Type-C charging cable. Actual performance may vary based on the specific charging environment conditions.
- * Aside from LHDC™ codec-compatible android devices, feature is limited to OnePlus 9 Pro/9 only - models scheduled for upgrade to the next OxygenOS version within 2021.
