

Meets EN1077:2007 Standard

Manufactured by Smith Sport Optics, Inc.

WARNING: Helmets for alpine skiers and snowboarders – class B. For use in nonmotorized recreational snow sports (such as skiing, snowboarding, and other alpine sports) No helmet can protect against all possible impacts. Serious injury or death can occur even while wearing this helmet. This helmet may be easily penetrated by sharp objects and cannot protect the user from injuries to the neck, spine or other body parts. To maximize protection, this helmet must fit snugly and in accordance with the manufacturer's instructions.

CLEAN AND STORAGE: Clean this helmet only with mild soap and water. This helmet can be damaged by cleaners, chemicals and some hair care products. Keep your helmet away from heat sources and out of direct sunlight. Do not leave your helmet in a hot car.

DAMAGE AND REPLACEMENT: Replace this helmet immediately if it has been subjected to any impact, even if no damage is visible. Any impact may damage the internal structure of the helmet and reduce its ability to protect the user from further impacts. Any helmet that has been subjected to damage should be destroyed or returned to the manufacturer.
