Watch our fitting video

protect

2.0 mm thickness, Diffusix™ Technology, and SISU's patented perforation pattern distribute the impact force over larger areas, which means less risk of dental injury.

talk

SISU Mouthguards mold to the unique shape of your teeth. The ultra-thin guard remains in your mouth the entire game - you never need to take it out!

drink

Built-in perforations make it possible to hydrate without taking the guard out.

breathe

Thinner than other mouthguards - breathe easy with SISU.

NOW EASIER TO FIT THAN EVER BEFORE.
