

HYUNDAI

**HYUNDAI**  
Quality lighting from green energy  
HSL301903

**HYUNDAI**  
Quality lighting from green energy  
HSL301903

**Technical specifications:**  
Color: Silver & black  
Dimensions: 112x218x50mm (DxHxT)  
Product weight: 160g  
Material: ABS  
Solar panel: Monocrystalline Panel  
Voltage: 3.7V  
Current: 200mA  
Lumen: 120lm  
Color Temperature: 4000K  
LED: 12x SMD 2835 LEDs  
Material: ABS  
Charging Time: 4-6 hours  
Operating Time: 36 hours  
Switch: Push button  
Function: Light sensor, motion sensor  
Notes: 1. Battery capacity 2000mAh, automatically turns on at full brightness when weak with 12 seconds of motion.  
2. LED illumination is based on the number of LEDs.  
3. LED illumination is based on the number of LEDs.  
4. LED illumination is based on the number of LEDs.  
5. LED illumination is based on the number of LEDs.

**1.5W fairy solar wall light**  
with solar panels for charging, up to 36 hour battery

Weatherproof    Solar powered    Day & night sensor    Multiple brightness    up to 36 hour battery

RoHS    CE  
Barcode
