

Identification Card

**POWER SUPPLY (CCTV)**  
Model: PD-60-4-SLIM  
Input: 96~264VAC 47~63Hz  
Output: 12V 5A  
Output total power: 60W  
Channel: 4 CH

### Distribution Power Supply Box

#### PECIFICATION

- Input voltage: AC96~264V 47~63Hz 5A MAX
- Output voltage: DC12V
- Output current: 5A 0.5A 1.5A 3A MAX
- Output channels: 4CH 0.5A 1.5A 3A 0.5A 1.5A 3A 0.5A 1.5A 3A
- Voltage and current of each channel distributing evenly

#### PROTECTION FUNCTIONS

- Built-in EMI filter
- Over current protection
- Over voltage protection
- Short circuit protection
- Low output ripple and noise
- With UPS function
- Built-in PFC(Power factor correction)

**WARNING**  
High voltage circuit inside, please do not touch it.  
Please do not touch it when power is on.

**CAUTION**  
Do not remove No serviceable
