

Instruction Manual

1. Instruction:

This Solar light needs no mains power lead. It can turn on automatically at night and turn off in the day time.

2. Security Information:

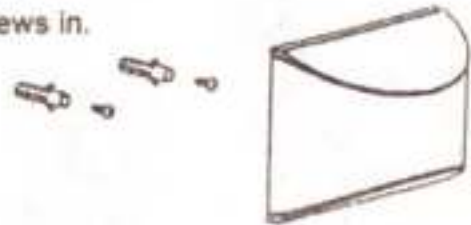

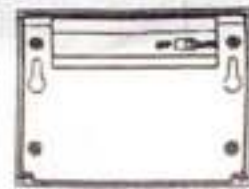

Caution: The packing contains small parts that could be swallowed by children.

- Kepp the packaging material away from children and pets
- The solar light is not a toy.
- We do not take responsibility if the instruction manual is not followed correctly or if the product is handled improperly resulting in damage to person or property.

3. Setting up and installation:

- Press the Auto/Off button, turn the light on.
- Drill two holes about 5mm diameter and 83mm distance.
- Insert the plastic stopple and drive the supplied screws in.
- Hang on the light.

OFF AUTO

4. Battery Change:

- Release the screws at the light back.
- Take off the plastic cover.
- Change the rechargeable battery 1.2V AA size.
