

PMR446 Speaker

Albrecht

> PR-446

**Ideal for the following application areas:
construction sites, warehouses,
industrial workers, company tours,
group activities**

- ▶ Any number of participants (radio receiver) can simultaneously hear information/instructions
- ▶ Possible to create several groups
- ▶ Up to 3 km range
- ▶ 15 hours of operation
- ▶ Very small and light-weight

The Albrecht PR-446 is a small and smart receiver for PMR446 messages. At a weight of only 20 grams it is barely noticeable while wearing and the operation of the mini receiver is very simple. It is ideal for use on construction sites or group tours.

The big advantage in operation on the construction site: the radio receiver can be installed inside a safety helmet without the loss of volume. Therefore the safe handling of machinery and vehicles is guaranteed. Instructions can easily be understood even in very loud environments.

The Albrecht PR-446 radio receiver can receive messages from ANY PMR446 radio. But it is only a receiver and it is not possible to talk back.

The volume is increased by the housing of the helmet.

Also possible to use with external earphone and lanyard.

- ▶ Easy installation in safety helmets. Loud and clear voice reception through the volume reflection of the helmet. Compared to using an earphone, messages can be heard even in very loud environments.

Delivery content

PR-446 receiver, Micro USB charging cable, earphone 3,5 mm, protection bag, velcro mount, lanyard

- ▶ **Ord.-No.: 29984**

Optional Accessories

- ▶ Programming cable with Micro USB connector
Ord.-No.: 29983
- ▶ Hard case with 20 charging slots
Ord.-No.: 29956.01
- ▶ Hard case with 40 charging slots
Ord.-No.: 29957.01

Specifications

- ▶ For temperatures -10° C to +50° C
- ▶ Lithium Ion battery 700 mA
- ▶ Programmable by PC
- ▶ 8 volume steps
- ▶ Micro USB charging socket
- ▶ Operation time up to 15 hours
- ▶ Dimensions: 50 x 65 x 15 mm
- ▶ Weight: 40 g
