

SAFE TOUCH

We take all the time in the world to ensure that everything that bears the MENSA HEATING name is tested to perfection. All products from MENSA HEATING have SAFE TOUCH, this thanks to the Danish engineering behind the products. MENSA HEATING has developed this unique function, and is therefore able to provide 100% safe heat throughout our product line, due to our patent protected heat protection. Patent #10,648,696.
