

ECLIPSE TUNER

Affordable no longer means compromise. Introducing the D'Addario Eclipse Tuner—the modestly-priced tuner with unparalleled performance. The Eclipse chromatic clip-on tuner offers fast, accurate chromatic tuning on and off the stage. The tuner features a full color vertical display, auto power-off, and pitch calibration in a discreet, compact design. The multi-swivel action allows for the perfect viewing angle and can be mounted in front of or behind the headstock on right- and left-handed instruments. Available in a variety of colors. CR2032 battery included.

Power Button: Press to toggle tuner on and off. Tuner automatically powers off in 10 minutes to save battery life.

Calibration Buttons: Press either arrow to adjust tuner calibration from 430 to 450Hz.
